# Virtual Institute for Good Health and Well-being: GLADE

## MOBILITY CALL

### European Campus of City-Universities

The European Campus of City-Universities (EC2U) is a multi-cultural and multi-lingual Alliance consisting of seven long-standing, education- and research-led, locally and globally engaged universities: the University of Coimbra, the Alexandru Ioan Cuza University of Iasi, the Friedrich Schiller University of Jena, the University of Pavia, the University of Poitiers, the University of Salamanca and the University of Turku.

### The Virtual Institute for Good Health and Well-being (GLADE)

GLADE is the EC2U Alliance's Virtual Institute aimed to develop specific approaches in education, research, innovation, and service transfer to the community in areas of the third UNSDG: Good Health and Well-being for All.

The Virtual Institute GLADE is the headquarter for:

- EC2U Glade Literacy LAB that encourages itinerant conferences of EC2U specialists, Summer Schools, and short video trainings in the area of good health and well-being for all;
- EC2U GLADE Transformative Research HUB that initiates and supports studies, guidelines for local authorities, and paper policy on Good Health and Well-being;
- EC2U GLADE Healthy Campus Services focuses on a brand new approach to Health on Campuses.

### Objectives of the mobilities for research/conferences/workshops

The main objective of the GLADE Virtual Institute is to develop cooperation contexts for promoting health and well-being in the 7 EC2U universities and their cities.

European Campus  
of City-Universities

Co-funded by the  
Erasmus+ Programme  
of the European Union

### Specifics objectives:

1. The beneficiaries will be able to go to EC2U universities to hold conferences on topics specific to the Glade Virtual Institute (including the half-day conferences);
2. The beneficiaries will be able to create, together with colleagues from EC2U universities, common materials (e.g short videos) on the specific GLADE topics (cf. to the list below), which will later be made available to the general public on the Glade/ EC2U website;
3. Beneficiaries will initiate joint teams to work on studies, publications, presentations at conferences, and research projects. The results can be subsequently published, presented at GLADE conferences, and proposed for financing.
4. Beneficiaries will be able to go to another EC2U university to carry out research activities and to work on projects for funding on GLADE specific topics;
5. The beneficiaries will be able to go to EC2U universities to carry out / deepen activities on peer counseling and healthy campus topics.
