Equipment & technical support

Students may use the University wifi and ready- to use loudspeaker and projector. You may rent (for free): laptop, camera, microphone, HDMI cable.

The staff at the KoKos office is available for support and questions part-time: <https://www.haus-auf-der-mauer.de/de/kontakt/impressum>

The International Centre offers space for your creativity: a larger room (70 pl) with a small stage and piano and projector for rehearsals, concerts and shows, for meetings and discussions, for presentations and even dancing. There is a smaller seminar room (15 pl) for group work and studying, creative works or language learning. The café space with a cosy sofa invites you to meet friends or your language tandem. The cellar with a small kitchenette is perfect for parties and concerts. The student group office space on the ground floor allows student initiatives to use office equipment for their activities. The house is what you make it!
